

## Media Release

ROYAL ALBATROSS A PROUD SUPPORTER OF  
MISSION TO SEAFARERS SINGAPORE AND ITS ROYAL CHARITY EVENT

### SINGAPORE, 5 OCT 2016

The Royal Albatross is proud and honoured to welcome HRH The Princess Royal onboard our unique and historic luxury Tall Ship in the upcoming Royal charity event for the Mission to Seafarers Singapore (MTSS).

Supporting MTSS on its second occasion, the Royal Albatross was the main support vessel in the charity endurance event "Row Around Singapore Island" (RASI) as part of Singapore's 50th Anniversary celebrations last year, carrying families of the rowers, supporters and the press and media. This year, the Royal Albatross plays host to the reception during HRH's visit to the MTSS Drop-in-Centre at Jurong Port. Over distinguished 100 guests will be on board for the exclusive networking event with HRH and other senior officials in attendance.

The Royal Albatross lends itself naturally to the charity function, having served as a private charter venue for a range of social events, celebrations, corporate occasions and luxury showcases such as the upcoming Opera Dinner experience at Singapore Rendezvous on 23 October and come 14 October, the ship will also open its doors to the general public with a romantic sunset sail based at Resorts World Sentosa.

"HRH's visit comes at an interesting time for us as we prepare to welcome even more people to experience our luxury tall ship," said Mr Peter L. Pela, Tall Ship Adventure's owner and CEO. "We are delighted to continue giving back to society and playing our part in the Singaporean and seafaring community."

### ABOUT ROYAL ALBATROSS

The Royal Albatross started her life in Chicago cruising the Great Lakes, prior to the beginning of an epic journey that took over her 15,000 kilometres from the moderate climates of North America to the tropical waters of South East Asia. Approximately 360,000 man hours have been invested redesigning and refitting Royal Albatross resulting in a sailing ship of unmatched quality and splendour. This is a ship designed to entertain and impress with 22 sails, over 650 square meters of canvas and over 60,000 RGB lights to set Royal Albatross's mood for whatever the occasion requires.

The ship was previously featured as Bruce Wayne's private yacht in *The Dark Knight* starring Christian Bale and the late Heath Ledger. Her sails and rigging were designed by master rigger Jim Barry, the person behind the ships featured in the *Master and Commander* and *Pirates of the Caribbean* movies.
